## A SUMMARY OF THE REQUIREMENTS AND PROCEDURES FOR FILING APPLICATIONS FOR MAP AMENDMENTS (REZONINGS)

1. Before any application for rezoning can be processed and placed on the various agendas you must complete the application. The application has two (2) parts. The first part provides space for the name of the owner and applicant, the legal description and common location of the property and the present and requested use of the property. It also provides space for you to insert a detailed explanation as to what it is you are requesting. The second part is completed by filling in the names and addresses of all owners of property within 250 feet of your property. Usually, you can obtain these names and addresses by visiting the Supervisor of Assessments Office which is located at DeWitt County.
2. Along with the completed application, you will be required to pay a filing fee. This fee is established by the City Council and is assessed according to the fee schedule. You will also be required to pay the cost of publishing the notice of the hearing in the newspaper. The City Manager will mail a copy of the statement to you a week or so before the hearing. This fee should be paid directly to the newspaper. The amount shown on that notice must be paid prior to the hearing date or your request may be continued to a later meeting. *The filing fee is nonrefundable.*
3. The completed application and the filing fee are submitted to the City Manager.
4. All applications are reviewed by the Planning Commission/Zoning Board for compliance with the various elements contained in the Comprehensive Plan. A public hearing is held before the Planning Commission/Zoning Board. Both of these bodies prepare a recommendation which is sent to the City Council for their final decision. The City Council may approve your request for rezoning, or they may deny it.
5. The City Manager will forward your application to the members of the Planning Commission/Zoning Board, and the City Council at the appropriate time during the review process.
6. The City Manager will place your application on the proper agenda at the proper time, set the date, time and place of the various meetings, make the necessary arrangements to have the required public notice published in the newspaper, will provide you with written notice of the Planning Commission/Zoning Board meetings and may send courtesy notices to all owners of property within 250' of the property in question. The Planning Commission/Zoning Board has set meeting dates throughout the year and can only accept new applications at these meetings. You may obtain a copy of the regular meeting dates from the City Manager.

7. It is advisable for you to attend the Planning Commission/Zoning Board meeting. You may, however, decide to appear by a representative specifically designated by you to speak on your behalf. You may also appear with or be represented by an attorney. If you appear with or represented by an attorney you are required to file that individual's name, business address and daytime telephone number as part of your application.
8. It is extremely important that you or your officially named representative be present at the Planning Commission/Zoning Board hearing. Failure to appear before the Planning Commission/Zoning Board may result in your application being continued to a future meeting or having your request dismissed.
9. The City Council meeting is a public meeting and anyone may attend. If you desire to speak at the City Council meeting, you must notify the City Clerk and request that you be placed on the Council's agenda.
10. The City Manager will provide you with written notification of the City Council's decision if you do not attend the meeting.
11. Approval of your request for rezoning does NOT constitute nor guarantee the issuance of any permits for construction. Permits are required for all construction and land use changes. Approval of your rezoning application by the City Council authorizes the Manager to issue permits IF the particular permit application complies with the provisions of the Farmer City Code and is in harmony with and in conformity to the authority granted to the Manager by the City Council.
12. In formalizing your presentations before the Planning Commission/Zoning Board it is important for you to understand that the City is NOT required to approve your request. The decision on whether your application is approved is in part dependent upon the evidence you present. The burden of proof is your responsibility. Although there are many other factors which may affect the final outcome of your request it is important that you be prepared to offer testimony, present exhibits and provide factual information on the reasons for your request and its effect on your area. You may wish to appear with persons who can provide testimony which backs your position. You may want to present photographs, use overheads or show a videotape as part of your testimony. If you should need video equipment at the Planning Commission/Zoning Board meeting, you must provide the Manager with a few days' notice prior to the meeting date.

PLEASE NOTE THAT WE IN THE CITY CANNOT COMPLETE THE APPLICATION FOR YOU. WE LIKEWISE CANNOT PROVIDE YOU WITH LEGAL ADVICE. WE CAN HOWEVER EXPLAIN THE PROCESS AND THE PROCEDURES WHICH WILL BE FOLLOWED.

IF YOU HAVE ANY QUESTIONS CONCERNING THE APPLICATION OR THE PROCESS INVOLVED DO NOT HESITATE TO CONTACT THE CITY FOR ASSISTANCE.
