**NOTES TO TABLE:** See accompanying footnotes:

(a) Where adjacent structures have front yard setbacks different from those required, the minimum front yard setback shall be the average setback of the structure.

(b) Buildings over two stories in height shall require five feet for each additional story in addition to the required minimum side yard.

(c) Detached residential structures may be constructed five feet from the rear property line and three feet from an interior lot line; provided, the provisions of § 155.096(B)(5) are met. Non-residential structures in districts in Districts A, RD-1 and RD-2 may be constructed 15 feet from the rear property line.

(d) Multi-family dwellings must also comply with the land use intensity standards given in § 155.046.

(e) May be used for parking development.

(f) If not served by public sewer, must conform to RD-1 specifications for lot area if sewage disposal is required.

(g) If not served by public sewer, must at least conform to the specifications provided in this table and the City Council may require larger lots if the increases are warranted because of soil capabilities, as provided for in § 155.009.

(h) Highway access (includes entrance and exit) shall not be permitted in less than 500-foot intervals.

(i) Exceptions from building height maximums may be granted as a special use permit.
